

There's always a lot to discover on CARTV. Over 4,500 vehicle listings on our portal – every day.

Information for dealers

With over 20 years' experience in claims management, CARTV is the perfect partner when it comes to calculating residual value. You can find and bid on over 4,500 vehicles listed on our portal, with further vehicles added constantly. All necessary information on vehicles is available via our specialised state-of-the-art system CARTV sky.

Our customers include national and international insurance companies, expert organisations and professional associations, independent experts as well as leasing and fleet management companies. Our customers always receive optimum and comprehensive support – your business matters to us!

CARTV: the salvage exchange that adds value.

CARTV, a Global Services TV a.s. brand, was established in 1998. With locations in Munich, Bratislava and Warsaw and a broad network of dealers, CARTV offers comprehensive service when it comes to calculating residual value. Upon request, CARTV can provide support via a pool of service staff to handle the sale of vehicles of any kind.

Key benefits at a glance

CARTV is one of Europe's most successful salvage exchanges. Our customers include:

National and international insurance companies (select models of leading brands available exclusively on our portal)

Expert organisations and professional associations

Independent experts

Leasing and fleet management companies

Comprehensive information provided

Detailed photographs, damage reports, vehicle descriptions, calculation methods, filter options

Optimum support

In-depth training in how to use CARTV sky

Regular feedback on your bidding behaviour

Regular monitoring of your successful bids

CARTV can handle the entire process until the car belongs to you

Coordinating with owners

Organising all documents relating to vehicle sale; obtaining bank confirmation (if required)

Handling data protection agreement, contract, handover date, etc.
